Hello~

I got a date in San Jose
I got a flight that I gotta take tonight
'Cause I've got plans in Tokyo, Japan
I got a cabin in Switzerland
I got a dinner in Rio de Janeiro
Wake up next to pharaohs
All over in Cairo
Sleepin' in, it's the weekend New Zealand
Then it's back to CO to rock the show

I'm sorry but I have to go
There's so many ladies that I know
You can try to get me here to stay
But you know that I'll be leaving here today

Woah
I gotta go now
I really wanna stay
'Cause I know how to say

I'm always leavin' different time zones
My home's where I roam
I'm never gonna stop
I'm a rolling stone
'Cause I know how to say

Love in many different ways

Stumblin' on the streets of Berlin
We can French kiss through the border fences
There's underwear on the mic-stand in Iceland
Then it's back to NYC on the m.i.c.
I've got a party in Saudi Arabia
Drunk in a building so hot in Dubai
I wanna touch ya in a parka in Russia
It was nice to see ya but this is goodbye
I'm sorry but I have to go
There's so many ladies that I know
You can try to get me here to stay
But you know that I am leaving here today

Woah
I gotta go now
I really wanna stay
'Cause I know how to say

I'm always leavin' different time zones
My home's where I roam
I'm never gonna stop
I'm a rolling stone
'Cause I know how to say

Love in many different ways

Aishiteru
Te amo!
I love you!
Je t'aime!
Everywhere I go I always say the same thing
In Russia, Japan, Brazil, Spain
Everywhere I go they seem to scream the same thing
(x2)

I'm sorry but I have to go
There's so many ladies that I know
You can try to get me here to stay
But you know that I am leaving here today

Woah
I gotta go now
I really wanna stay
'Cause I know how to say

I'm always leavin' different time zones
My home's where I roam
I'm never gonna stop
I'm a rolling stone
'Cause I know how to say

Love in many different ways
