Do you know who I am?  
Good neither do I  
Got nothing to say  
But if you pay me i can play the fool  
Go on believe if it turns you on  
Take what you need till your bodys numb  
Prostitution is revolution  
You can hate me after you pay me  
My submission is your addiction  
So just get out why you can!  
Do you remember when the only thing that mattered  
was  
Taking time for the things you love  
Now you've ogt to humour all these fools  
Go on believe if it turns you on  
Take what you need till your bodys numb  
Prostitution is revolution  
You can hate me after you pay me  
My submission is your addiction  
So just get out why you can!  
If you need me im you man  
but you dont wanna see me mad  
OH! NO! we dont care!  
(your a pro but its no suprise)  
OH! NO! we dont care! Yeah  
Go on believe if it turns you on  
Take what you need till your bodys numb  
Prostitution is revolution  
You can hate me after you pay me  
My submission is your addiction  
So just get out why you can!
