Welcome to paris like one back, get back, getta
Don't know, maybe cause I'm so getta
Welcome to new york, I want to hear some of this reppa
But what is get is more reppits, just david guetta
Welcome to bangkok, where I enjoy the perfect weather
Yeah you a high but I'm higher, cause I'm so getta
Welcome to moscow, where I want to write you this
letter
But the only words I'm allowed to write are getta, getta
Skael electro, hate love and techno
Cause I know better, now I'm so getta
Yeah I'm so getta

Welcome to sydney I look for shorts of croco leather
But the only shorts I get are the shorts of david guetta
Welcome to Warsaw where people just party better
Yeah ladies like me, why? Cause I'm so getta
Welcome to london, hell I am the new trainsetter
They want to be like me, cause I'm so getta
Welcome to berlin, where minnie ...just sound better
Yeah, and I'm so getta
Skael electro, hate love and techno
Cause I know better, now I'm so getta
Yeah I'm so getta.
