That keep 'em a pot of that sweetest cheeba  
Nigga yo y'all know who that is (Bone Thugs)

(Bone Thugs)

[Layzie]

Who was the nigga that thugged in the streets?

Number one on the charts?

And who was the nigga that's pullin' ya card?

And nigga show that we had nothin' but heart (Bone Thugs)

And who be the nigga that come to my side when it's about murder?

My niggas, my niggas will hurt ya

You better believe it, when we comin' to serve ya (Bone

Thugs)

We be dem niggas fo' life, we tighter than tight, doing  
what we like

And who was the nigga that told ya to get down for  
your rights? (Bone Thugs)

Now who be the niggas that step in the club makin'  
everythang pause?

So fresh, so clean, no flaws. Who be the rawest clique

Hit him up quick wit' the flip flop flow

Then we introduce you to Mo (Bone Thugs)

Hustled to conquer our drea m (dream)

Forever untouchable team

Thugs)

Blowin' green, rollin' the hood, glock cocked on safety

And who be the niggas that knew you was fake?

But sayin away from y'all lately (Bone Thugs)

Lil Layzie just be da nigga statin' da facts

And you can put this on Stack

Because muthafucka we back (Bone Thugs)

[Hook: repeat 4X]

Bone, Bone, Bone, Bone

Bone, Bone, Bone, Bone

Bone, Bone, Bone, Bone

Bone, Bone

[Wish]

Who be the niggas that thug in the back of the club?

Ready to scrap, nigga buck, nigga what

Who be the niggas that check ya, disrespect ya? (Bone  
Thugs)

Who be the niggas that wanna maintain?

And do them thug thangs?

But if disrespected who gon let it bang? (Bone Thugs)

Who was the niggas we rushed?

Who was dem niggas that talk about us?

Who was the nigga that say that the thugsta mentality?

Better him than us

Bone Thugs finally let loose

Total control who's business is it anyway (Bone Thugs)

Gotta life

Better leave it alone

Been supressed too long

Now that we out on our own

Ya gotta see the free Bone (Bone Thugs)

Who be the niggas that come in anybody hood and

straight kick it?  
Who be the niggas that always got the weed, the drink,  
and dyme bitches?  
(Bone Thugs) I'm tired of hearin' "What happened to  
us?"  
"When will we hear a Bone bust?"  
Who be the niggas that's bringin' that thuggish ruggish  
no matter what?  
(Bone Thugs)  
Believe we nothin' but truth  
What would the game do?  
Without you know who?  
Niggas that say and do  
What they want to (Bone Thugs)

[Bizzy]  
This rap game terror  
Money, murda mo, and all that good shit  
Scandalous niggas, respect this (Bone Thugs)  
Ask about my....20 inch deep dish rims  
Son of a chicken, it ain't no friends  
When it come to the end  
And i'ma say word to gangstas  
Real killas wit money to burn  
Sayin' we a lost cause, foster kids-preach the world  
(Bone Thugs)  
Thank god that I had a father  
I'm pushed in that cocoa with my sister  
When I was 14  
Like cancer victims (Bone Thugs)  
Uh huh  
Cause haters they get quarantined  
Women they comin' with sorcery  
I'm livin' wit' curses, smokin' weed (Bone Thugs)  
Burn me  
Don't bury me  
Hurry before my mama come see me  
Somebody call Johnny Cochran  
Some niggas they wanna be Biggie  
Some niggas they wanna be 'Pac  
But I just wanna be Bizzy  
As soon as they hear me, they spit me  
Like Richard Simmi  
Don't run away, where's your nuts at  
It's the original hydro smokers, somebody bust that  
Trust that, what's packin' (Bone Thugs)

[Hook]
