Life, life, life, life  
(What ya gonna do, what ya gonna do, what ya gonna do?)  
Or death, death, death, death Life, life, life, life  
(When murda, murda comez foe you, murda comez foe you)  
(murda comez foe you?) Or death, death, death, death?  
(Leave me alone) Ringaling, ah ling, me alone  
Ringaling, ah ling me alone  
(Leave me alone) Ringaling, ah ling, me alone  
Ringaling, ah ling me alone  
(Leave me alone) Feel tha thunder in tha sky  
We party overtime No more Evil Paradise We party overtime(x2)

[Krayzie]

And this will belong in time, can ya feel tha painz of our life  
been in wined, and ya thought of dyin', my my my  
Have ya thought of dyin'? Let's not visualize  
If you feel me! Then ya betta wake up, wake up, wake up, wake up  
If you feel me! Then ya betta get up, get up, get up, get up, get up  
Can you visualize your own pain, could ya imagine breathin' yo' last breath, I bet ya, ya can't you don't wanna stay  
Dear Lord, cannot stand, goin' to hell. It's comin', yes it's comin'  
No look what we've done, what have we done?  
Amongst our sin, why here, we follow people for starez, don't stare  
No mercy, mercy, mercy, mercy, mercy, mercy  
Evil is lurkin', lurkin', lurkin'  
We can run but can't escape tha beast, no  
Tickin' by that snake in tha grass, that snake in tha grass

by that snake in tha grass. Better sticked, and missed  
his ass

[Layzie]

Fast blast, I leave my cash  
Cause my dayz of livin' broke is all in tha past  
So I gotta keep my mind up on my money, it's survival  
of tha fittest  
could I. One of tha realest are ya dayz of drug dealin  
Like in '89, now it's almost 1999, new Millennium  
Fuck the luck, cause they be gettin em  
Sendin' demonz str8 to hell, let them burn in Hades  
Worried enough, we called in jail, Lord bless our babies  
Lord please bless our babies

(Wish): Who it be, givin you that new shit ya love?  
Who it be, givin' you that new shit ya never heard of  
Clap yo' handz foe Bone everybody, clap yo' handz foe  
Bone everybody  
St. Clair we speak, we speak, wishing wishing...  
we're takin' over, over  
Betta run with this shit, with this shit  
Or get road over, road over  
So we, puttin' it down for me  
Anybody wants to get, my mama trust the army, we  
deadly  
(Leave me alone) Ringaling, ah ling, me alone  
Ringaling, ah ling, me alone  
(Leave me alone) Ringaling, ah ling, me alone  
Ringaling, ah ling, me alone  
(Leave me alone) Feel tha thunder in tha sky  
We party overtime No more Evil Paradise We party  
overtime(x2)  
Life, life, life, life (What ya gonna do, what ya gonna  
do)  
(what ya gonna do?) Or death, death, death, death?  
Life, life, life, life (When murda, murda comez foe you)

Or death, death, death, death? (Leave me alone)
