Hey, ey, ey, ey, ey
Those steps are deadly
Narrow and straight up unfriendly
Sometimes we live and we learn, don't we

If I fell
What would catch me
Not a safety net you can bet me
Sometimes we crash and we burn, don't we

Watchin' and waiting for my train to come
Watchin' and waiting for my train to come
I don't, wanna get stuck (don't wanna get stuck)
Don't wanna get stuck (don't wanna get stuck)
Don't wanna get stuck (don't wanna get stuck)
Yeah, yeah, yeah, yeah

Ey, ey, ey, ey, eighteenth century garden
300 hundred years you've forgotten
Your strictly cemetrical flow

In my pocket
Leave me a relic
I think that I'm safe I can't spell it,
I don't think anyone cares, anyways

Watchin' and waiting for my train to come
Watchin' and waiting for my train to come
I don't, wanna get stuck (don't wanna get stuck)
Don't wanna get stuck (don't wanna get stuck)
Don't wanna get stuck (don't wanna get stuck)
Yeah, yeah, yeah, yeah
