Run now quickly doin' my thing
We're on the case, we like the man for the behaviour
What you doing over there,
Come on let's do this, rip the air

You'll all feel this latest groove
And then just don't know what to do
Hey bro, what you got in your hand?
Man that's amazin', put it away it's gonna
Go bang, blow my brains, HA
I'm gonna soak 'em in pain
With the S.D.X

So...
Let's leave a little bit of change
The tramps can fear us
Stay boarded up in their special caves
Just how far are they gonna stay sane
Cut the drugs, uh!
