My friends tell me that the use of a life plan  
Like a blanket you can wrap yourself inside of  
Is to pick you up when you don't really wanna stand  
And explain away the things that you cannot  
comprehend

Sometimes you rise, sometimes you fall  
Vulnerable like a baby in a cradle  
If you could be anything at all what would you be  
Find what you seek by the grace of vulnerability

Late at night with the thoughts racing in my head  
If I don't get some sleep tomorrow I'll be useless  
Most of the time my worrying gets me nowhere  
And hangs on the vine so long that it's fruitless

Sometimes you rise, sometimes you fall  
Vulnerable like a baby in a cradle  
If you could be anything at all what would you be  
Find what you seek by the grace of vulnerability

And while you're on the road of life keep your love alive

Sometimes you rise, sometimes you fall  
Vulnerable like a baby in a cradle  
If you could be anything at all what would you be  
Find what you seek by the grace of vulnerability
