One thing I gotta say, is that it's all alright,
even though I lie awake in the middle of the night,
some people make me angry but they also make me
laugh,
thinkin' about the good times yea they out weigh the
bad,
and all my burnt bridges, ah man they make me sad,
gonna build em back up if I can, well that's the plan,
if I can break, reciprocate,
turn lemons into lemonade and wine from sour grapes,

the shade hides us from the sun
as we hate what we've become
our shadows cross paths carefree
we roll on, we roll on, yeah, yeah, yeah

a whole new chapter to a whole nother story,
I'm sleepin fine knowing you chose to ignore me,
Know that I'm a loser, not completely in the dark,
Can't change our recollection saying sorry is a start,
Soon we'll all be gone, sometimes that brings me
down,
But puts it in perspective cause every second counts,
It's the countdown to the very last
No more fussing no more fighting gotta live it while it
lasts

the shade hides us from the sun
as we hate what we've become
our shadows cross paths carefree
we roll on, we roll on, yeah, yeah, yeah
