Long ago, when people discovered fire  
And thru the snow, people got frozen and tired  
All I know, is not that much has changed  
Cuz, everyone everyone everyone still complains  
As a rule, a man's a fool cuz when it's hot he wants it  
cool  
But, when it's cool he wants it hot, never wanting what  
he's got  
Always wanting what he's not

The grass is always greener, yeah, yeah, yeah  
The grass is always greener, oh yeah

That is why I think I  
Should supply my own ride thru  
This grassy plain  
The downtrodden is a phoney trip  
Follow your sheep to the edge of the cliff  
But, but, it's life in vein

The grass is always greener, yeah, yeah, yeah  
The grass is always greener, oh yeah  
The other girl is always leaner, oh yea yea yeah  
The grass is always
