Everyone occupies my time
I need some rest and some relaxation
All this weight it gonna bust my spine
Why does always rain on me when the sun shines
Ain't it funny how the rat race goes
Runnin around in circles,
Got no time for the ones I love

So let's go, real slow, let's leave it all behind and let it
go
Real slow, let's leave it all behind and let it go

And all her letters
Are self adressed
And my lonely record collection
Holds, nothing but the best
Don't wanna go to work no more
Runnin' around in circles,
Got no time for the ones I love

So let's go, real slow, let's leave it all behind and let it
go
Real slow, let's leave it all behind and let it go
Real slow, real slow, real slow
Real slow, real slow, real slow,
Let's let it go...
