Hyprocricy pays in ample wages  
And honesty screws you on a thousand stages  
So what you gonna do when, your train comes thru  
You better think twice before you throw your cards  
Stretch a little truth you know it's not that hard  
Guilt is a taste that you'll get used to

Oh the lies that we tell  
Make us healthy when we're not well  
Put us in heaven when we're in hell you know it's true  
Oh the lies that we tell  
Make us sparkle when we are stale  
Make reality of a wishin' well you know it's true  
You know it...

Don't believe the hype cuz cheaters prosper  
Puff your resume just to join a roster  
Watch the clueless, not get a clue  
I'm not tryin' to condone behavior  
But if you're soulless it could be your saviour  
Suck your conscience in and roll on thru

Oh the lies that we tell  
Make us healthy when we're not well  
Put us in heaven when we're in hell you know it's true  
Oh the lies that we tell  
Make us sparkle when we are stale  
Make reality of a wishin' well you know it's true  
You know it...
