Relatively speaking, I can't speak what's relative
Water hose with a thumb stuck in it and sand inside my
head
I never learned the california shmooze, held me back
like a 3rd grade teacher
One of these days, I'm gonna have to learn, how to be
a soul sucking creature

I need structure, before I rupture
I need structure, before I rupture
I need structure, before I rupture
I need structure

Ah, make that money, make that money, make that
money grow
I'm not bitter I'm just jealous and my pay check tells me
so
Wish I had it in me but I don't think that I do
My one track mind is a curse and blessing please throw
me a clue

I need structure, before I rupture
I need structure, before I rupture
I need structure, before I rupture
I need structure

It calms me down!
