The boats on the water
Go sailing, sailing, they go sailing.
The boats on the water go sailing
Sailing to and fro.

Sailing here and there
Sailing everywhere,
Sailing to and fro they go.
(Repeat)

The trains on the tracks
Go rolling along, rolling along
Rolling along.
The trains on the tracks
Go rolling along, rolling to and fro.

Rolling here and there
Rolling everywhere,
Rolling to and fro they go.
(Repeat)

The planes in the sky go flying around
Flying around, flying around
The planes in the sky go flying around
Flying to and fro.

Flying here and there, flying everywhere
Flying to and fro they go.
(Repeat)

If you want to take a ride
On the ground or in the sky
Just take a plane, a bus or a train
Transportation is not all the same.
