[ police ]

There they go over there!

Aw man, shit!

I gotta get up off my ass and go chase these cholo  
muthafuckas

I hate those fuckin Mexicans

[ VERSE 1: Kid Frost ]

I'm always gettin caca from the blaca

The b.g. hooter always pull me over

Take me out the rafla, sit me on the curb

...and then they look me over

They ask about my beeper, I'm not a dope dealer

This is the Cherokee 4 wheeler

If I was sellin drugs

To all of the street thugs

Yo, I don't mean to brag

But I'd be drivin in a Jag

I wouldn't be hittin the Eastside lowridin

I'd be in Hollywood or Venice Beach high-profilin

And all that shit

And I happen to play along with your stupid little skip

But I'll just kick it

Yo, go ahead and write your ticket

But hey yo, Mr. Officer, you know where you can stick it

I say this to myself, I let him do his thing

Or he might beat me down just like he beat down

Rodney King

I got pulled over

[ police ] Hey, don't that truck look familiar?

Yeah, that Cherokee over there?

I think that belongs to that fat fuck ah -

...that La Raza muthafucka

Let's go fuck with him

Hey buddy, hey!

Alright, you fuckin...

Get your fuckin fat ass out the car!

[ VERSE 2: MC Eiht ]

It's 12 o'clock, late at night, I grab my keys  
Kid Frost put me up with a skeez  
So I roll a blunt to go  
On that late night hype, who gives a fuck about five-o?  
I'm knowin that they're schemin, but fuck it  
Cause they cop car's a goddamn bucket  
Geah, I ain't sweatin shit, check the Eiht  
So they run a make on my goddamn plates  
So I hit the next corner real slow  
Low, here it go  
The same old routine because of my car, black  
Mistaken identity for slingin that dope sack  
And just because Compton's my playground  
They want a nigga like E to stay way down  
But I done had enough with harrassin  
Like I said, one time still gafflin  
I know they up to no damn good  
Jackin a nigga, cause I'm seen in the hood  
But I best switch from a Benz to a Nova  
To prevent them from pullin me over

[ police ]

Pull your ass over and get on the sidewalk, lock hands  
and feet  
You know the routine, nigga  
Yeah, nigga, you rollin down Alondra like you own this  
muthafucka  
Where the sack at, muthafucka, where the sack?

[ Eiht ]

The sack?  
Nigga, ain't no sack  
The only sack is my nutsac  
You got the MC Eiht mixed up with these other clockers  
Get off the dick, muthafucka

[ VERSE 3: ALT ]

ALT, that's me, I'ma flex again  
The hooter, they were dyin to shoot another Mexican  
So I learn: if I don't wanna burn  
Then I pass up my exit, cause I'm afraid to turn  
And if I don't, then that pig'll be vicious  
Cause every hispanic at night is suspicious  
I'm thinkin to my mind that I can hardly bare it  
I heard 'Fuck the Police', but they forgot about the  
sheriffs  
And if I said it, then I might get beat down  
And I ain't goin out by a clown in a brown gown  
They ain't passin, no time for dashin

Looked in my mirror, I seen red lights flashin  
He had his hand on his gun on his hip  
And when he walked up, yo, that dumb fuck tripped  
He was pissed, he said that I gave him some lip  
So he busted me, now I'm in custody  
He called my mother and he said he'd knock me silly,  
but  
Then I felt the crack of his muthafuckin billyclub  
Another night with a nurse looking over my shoulder  
Just because I got pulled over

[ police ] Hey, Honcho  
Get your taco-eatin ass out of the car  
What's your fuckin name?  
[ ALT ] I'm ALT, but what the fuck did I do?  
[ police ] Get your fuckin ass over there on the curb  
What's the bitch's name?  
[ ALT ] Hey man, don't call my old lady a bitch
