She can do anything at all

Have anything she pleases

The power to change what she thinks is wrong

So what could she want with me?

But wait just one minute here

I can see that she's trying to read me

Suddenly i know

She's going to change the world

But she can't change me

No she can't change me

She has the daylight at her command

She gives the night its dreams

She can uncover your darkest fear

And make you forget you feel it

But wait just one minute more

I can see that she's trying to free me

Suddenly i know

She's going to change the world

But she can't change me

Suddenly i can see everything that's wrong with me

But what can i do?

I'm the only thing i really have at all

But wait just one minute here

I can see that she's trying to need me

Suddenly i know

She's going to change the world

But she can't change me

No she can't change me
