Pulled through you, and drowning in your swirl

Circling, unfolding in your will

I'm going to glide on the winds of your breathing

And alight on your guarded heart

I'm gonna tear all your temples down

I'm on a mission now

Smoldering down inside your mood

Slithering and fanning in your eyes

I'm going to dive through your crying

And sleep in your hair

Rise from your ashes and kneel in you prayers

Tear all your temples down

I'm on a mission now

And i have nothing

But then the have is not as good as the want

I'm gonna glide on the winds of your breathing

Writhe in your calm and provide your release

Weave into your wanting and needing

And reside in the heart of your strongest beliefs

I'm gonna tear all your temples down

I'm on a mission now

And i have nothing

But then the have is not as good as the want
