Words get tangled on your tongue  
And you stumble on your feet  
When you miss somebody  
And everywhere you think you see them  
Walking down the street  
When you miss somebody  
When you miss somebody  
You tell yourself a hundred thousand times  
Nobody ever lives forever  
So you give it one more try  
To wave goodbye, wave goodbye  
Every hurtful thing you ever said  
Is ringing in your ear  
When you miss somebody  
And everything of beauty that you see  
Only brings a tear  
When you miss somebody  
When you miss somebody  
You tell yourself everything will be alright  
Try to stand up strong and brave  
When all you want to do is lay down and die

How long i've waited for an answer or a sign

Lonely and weary from

The troubled task of trying

To wave goodbye

So now you start to recognize

That every single path you see

Leads to a tear in your eye

So wave goodbye, wave goodbye
