life to me, never forget that the streets are what make
ya so soon i'll speak and spill my thoughts,take my
hand and be my brother,u trsuted u and now your
hands have my blood on them but i smile and think of
everything u will be, when i die you'll smile but soon u
will know that when i sing and rap its all hate and not

cause sooner or later i will be better.....this
is my life so dont be hatin so dont be

words and hate faster then u can see.....never
forget that soon i will blast off and then the world will
know my hate.....{zippoisback and ya know da name
