forever searching for my life, but all i found is strife,  
aint no life in strife so stay away from what i have to  
say,shoot when i flow its time for u white boys to go,will  
is here and now u should be scared cause when we  
flow, will take the wheel and show them how ya  
feel.....{will}

this is will here i go, i might be white but i got a nasty  
flo, everytime i go to the hoop i get hooked up by my  
boy named oop. even tho im white i can dunk over  
brothas, i can jump like no other white man, no, none  
others like me you see, i break ur ankles and take it to  
the basket, or i pull it up for a three and i blast it, i drive  
a 93 cadillac sedan deville, when i get in the backseat  
w/ my girl its ill, but i aint the only one usin that back  
seat, zipp b back there makin a buncha heat, well tahts  
it thats all i gotta say, ill let my boy chris take it listen to  
his way.....{chris}

hah thats nice will, but watch it aight? cause here i go  
bout to flow seeing all white and all spite, spiting tracts  
so ya keep checkin for it, and now ya see how i cant  
ignore it,with my pen in hand and my mike here by me  
all who know me see i can emcee,blasting these beat  
while here on these streets cracker cant be so sad ya  
see, will as my bro haha ya right he aint no hoe, he  
takes it to da hoop and dunks it in fo me, i shake two  
peeps and dribble through ya knees,i put it up and will  
makes ya see, that it cant be done without alley or oop  
but when we get together ya see what we can do, so  
watch out cause the new school is here with zipp and  
will ya'll suckers should fear,even though we is white  
ya'll haters cant spite, cause when i put it up for 3 your  
eyes will burn and your stomachs will churn cause  
when ya drop ya eyes and smoke ya weed you'll soon  
see that u cant outdo me, i shake ya and bake ya and  
take it to ya, soon hater will burn, now i have done my  
flow so i can go, hate and peace to all who read, never  
forget its me zipp ya emcee
