Intro:

[Frost]: This is a dramatization. The names have been changed to protect the innocent ones not involved in the stories I'm about to tell. So listen up and listen up well. Here are the true accounts and incidents and still to me, it makes no sense. Ignorance is a major role, but here's a fact I feel you can ignore no more.

Verse One: Frost

Homicide, on the murder scene
Another frustrated gang-related senseless slaying
Victim: a young product of the project system
The sad fact is nobody's gonna miss him
True, a few may stand in disbelief, but
The majority will sigh a relief
Because of the fact he was a menace to society
And gang violence was his first priority
So, now you take a look to see what this abouta
Someone quicka with the trigga, straight cold shot him
Dead, in a puddle of blood he lay,
Another typical day in the streets of L. A.

Homicide on the murder scene, on the murder scene,
on the murder scene
Ho-Homicide on the murder scene
Homicide on the murder scene, on the murder scene,
on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene
Homicide on the murder scene, on the murder scene,
on the murder scene

Verse Two: Frost

Ho-Homicide, and just for trying to act brave
Tryin' to be a hero sent you to a early grave
The violent death, it took place at around six
And eyewitnesses say that it went like this,

There was this lady who was chillin' in a alley
Positive I.D. included that her name was Sally
Sally had just got off the bus from a job,
When she met three young thugs who decided to rob
A man heard the screams comin' from her mouth
Ran down the deserted alley just to check it out
And when he came across the scene,
He knew what was happenin', but by then it was too late
The thugs started blastin'
Now, asked in this situation, exactly what would you
do?
If you heard someone screaming, would you go to the
rescue?
My man, he tried, that's hwo he died
He was shot right between the eyes
Tryin' to do a good deed, shoot, that could've been me
I'm glad I'm not the one who must explain this to his
family

Homicide on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene, on the murder
scene, on the murder
scene
Ho-Homicide on the murder scene
Ho-Ho-Homicide on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene
Break it down!

Verse Three: Frost
Homicide, it's also know as manslaughter
It can be a father, mother, son, or daughter
It can happen at anyplace, at anytime
It can happen as I'm runnin' down this rhyme
First degree murder, blood flows red
One day you're alive, the next day, you're dead
Nobody seen nothin', the suspect fled
Shot on the spot with a bullet to the head
As soon as it happened, everybody broke
Nobody seen nothin', and of course nobody spoke
Bein' questioned, it doesn't pay to rat-a-tat-tat
For if you rat, you might too get the gat,
And get added to the list of those who fatally died
In the statistics, that's known as homicide

Homicide on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene

Ho-Homicide on the murder scene
Ho-Homicide on the murder scene, on the murder
scene, on the murder
scene
Ho-Homicide on the murder scene
Ho-Ho-Homicide on the murder scene
Ho-Homicide on the murder scene, on the murder
scene, on the murder
scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene
Ho-Homicide on the murder scene, on the murder
scene, on the murder
scene
Ho-Homicide
Homicide on the murder scene, on the murder scene,
on the murder scene
