The main nigga on the block, where its hot talkin shit
I beat the main motherfucker somewhere dead in a

[Chrome]

I aint never scared of one of you little ass fuckers
Cause I hurt a motherfucker just for thinkin im sucker

You runnin off at your mouth, but cant finish the shit
Ya'll niggaz real hoes need to cop you some pants
Every line that im speakin make a bitch nigga mad
Even your own nigga tellin me theres hoe in your blood
You not a full time hustla you a wanna be thug
Keep on talkin sideways ima show you whats up

Me and my thugs aint playin we'll fuck you up
Run up on you with that thang let it touch you up
See im Chrome Coleon im the truth in the booth

[Lil Wyte]

Somebody gon get they wig split wig split

[Project Pat 2X]

The main nigga on the block, where its hot talkin shit
