Aaaah
Wot wot
listen check it
Aaaah hectic
Friday night now with the bouncin sound

I dont really want you hangin around me
Responsibility this jealousy is killin me
You're seedin at my head
But youre still sleeping in my bed oh no
Now you want a baby you must be goin crazy
I'm losin my sanity
how can we raise a family?
Were livin a lie so its time to say goodbye
Yeh yeh yeh

I dont want you lovin me
What can i do to get this through to you lady?
I dont want you
cant you see
Just take your things dont bother me no more
I dont want you all the way
Just stop right there dont even say you were
I dont want you for one day
Coz I dont want you in my life girl

I dont really want you anywhere near me
Youre suffocatin me
stay the hell away from me
Youre playin with my mind
Thats why I'm leavin you behind yeh
What could I be thinkin? Felt like I was sinkin
You drove me to drinkin, my mind you were freakin
One more thing left to do
Just say goodbye I'm leavin you

I dont want you lovin me
What can i do to get this through to you lady?
I dont want you
cant you see
Just take your things dont bother me no more
I dont want you all the way

Just stop right there dont even say you were
I dont want you for one day
Coz I dont want you in my life now girl

So babe you wanna stay wiv me
Pick up your life, it's not a fantasy
Coz da way that I feel is 50 50
Got time to relax got time to party
No time for you coz my times for me
So pack up your bags get off ya knees
And I don't giva a damn if ya sleep on da streets
Just get out my life I need some peace

Well its down to me JTee
Now understand its easy
Simply no we cant friends
When I make amends
Gotta just say not menta be now cant you see
Jealousy negativity so ya neva gonna be wiv me
So take the hint realise it's true
Its fine finito finished thru!

I dont want you lovin me
What can i do to get this through to you lady?
I dont want you
cant you see
Just take your things dont bother no more
I dont want you all the way
Just stop right there dont even say you were
I dont want you for one day
Coz I dont want you in my life girl

I dont really want you anywhere near me
I dont really want you I'm sick of you lady
I dont really wany you youre drivin' me crazy
