Aaaah
Wot wot - listen - check it
Aaaah - hectic
Friday night now with the bouncin' sound

I don't really want you hangin' around me
Responsibility this jealousy is killin' me
You're seedin' at my head
But you're still sleepin' in my bed - oh - no
Now you want a baby you must be goin' crazy
I'm losin' my sanity - how can we raise a family?
Were livin' a lie so it's time to say goodbye
Yeh yeh yeh

[Chorus 1]
I don't want you lovin me
What can i do to get this through to you lady?
I don't want you - can't you see
Just take your things don't bother no more
I don't want you all the way
Just stop right there don't even say you were
I don't want you for one day
Coz I don't want you in my life girl

I don't really want you anywhere near me
Youre suffocatin' me - stay the hell away from me
Youre playin' with my mind
That's why I'm leavin' you behind yeh
What could I be thinkin'? Felt like I was sinkin'
You drove me to drinkin, my mind you were freakin'
One more thing left to do
Just say goodbye I'm leavin' you

[Chorus 1]

So babe you wanna stay wif me
Big up to lifestyle fantasy
Coz da way that I feel is 50/50
Got time to relax got time to party
No time for you coz my times for me
So pack up your bags get off ya knees
Just get out my life I need some peace

Well it's down to me - JTee
Now understand - it's easy
Simply no we can't friends
When I make amends
Gotta just say not menta be now can't you see
Jealousy negativity - so ya neva gonna be wif me
So take the hint realise this tune
Its fine - finito - finished - thru!

[Chorus 1]

I don't really want you anywhere near me
I don't really want you I'm sick of you lady
I don't really want you you're drivin' me crazy
I don't really want you baby
All of it [x2]

[Chorus 2]

I don't want you lovin' me
I don't really want you anywhere near me
I don't want you can't you see
I don't really want you I'm sick of you lady
I don't want you all the way
I don't really want you you're drivin' me crazy
I don't want you for one more day
I don't really want you

I don't want ya I don't need ya
Not a thing I do can please ya
Its kinda like I'm always sick n guessin
Wot ya gonna do wot ya gonna do?

[Chorus 2]
