[Verse 1 Tom]

Girl I wanna be your lover  
Anytime, anywhere you'll discover  
When I freak I ani't tryin' a be clever  
'Cos if you ain't doing me right girl  
You're doing me wrong  
Now I'm gonna give you the picture  
Don't talk, don't trip and I'll teach ya  
Just sit back, relax and I'll fix ya  
You know that I'm telling you right girl  
Ain't telling you wrong

[Bridge Tom]

I see by all the little things you do  
Your tryin' a get a little loving too  
Well I play hard  
So drop your guard  
And let's get friendly like you wanted to

[Chorus Tom JTea Dan]

You know you wanna  
Rock rock on the floor  
You want it on top like before  
I'm gonna freestyle, ah, buck while, ah  
So come and give me more  
You know you wanna  
Non stop remedy  
You wanna knock, knock to the beat  
You know I'll holler, you follow  
That's what you're asking for

[Verse 2 Tom]

Now let me tell you girl  
I can touch your hips  
Make you flip like no man  
And I'll show you how to do it to a slow jam  
I know that you're getting it right girl  
You're turning me on

Now lady do it this way  
From front to back and do as I say  
It's that time of the night so let's foreplay  
I told you that I'd bring it to you right girl  
We're getting it on

[Bridge 2 Tom]

I see by all the little things you do  
You tryin' a get a little loving too  
So play your card  
And I'll take charge  
And let's get friendly like you wanted to

[Chorus]

[JTee's Rap]

Ya wanna rock, what?  
But tonight it ain't for lovin'  
Coz when I'm freakin' you lady it's all  
That push and shovin'  
We're in the bedroom  
Bump too the tune boom  
Through the speaker  
As I take you to your peak  
But keep it on the down low  
We can do it like a rodeo  
I chat.. on the mic  
Fast or slow when I'm on a roll  
In control, let me know  
Positions I'm never missin' 'em  
But that's me being kind  
My partner in rhyme  
Has got something different in mind

[Dans Rap]

Collectivly, me, Tom 'n' JTee  
Want three's up on you  
Make you scream  
Make you holler  
You'll be blowing the roof  
'n' you'll be loving every minute  
'n' you'll know it's the truth  
'n' you'll be telling ya crew  
How the 3E boys just  
Roasted you, toasted you  
Made the most of you  
'n' boasted you to all our friends  
Now all the boys wanna have you on the weekend

Is that a problem?
