[Intro]

Feedback back for your bad ass, yeah
As you witness I'm surrounded by 2 more emcees
Outta my war council
My rottweiler or rhymes
B-wyze a/k/a Blast
Introducing my Doberman
Of destruction
Lyrical destroyer
Dow Jonz a/k/a John Connor Of Moruturi
My war council comin smashin
Thru battle zones of microphones
Whatever goes *repeated*

[Verse 1: Dow Jonz]

Yo, my man, the rhymes I write, they be the illest
And I be fucking up careers like those of Arnold,
Kimberly and Willis
You'll take the penicillin, run DMC & Jay
Say I "be illin"
My crew ain't juicy, I am not cold chillin.'
I'm a super villain.
I'd even room with Dr. Doom
And we'd be killin! I'd rip a bitch in London just for one
shilling.
I'm on your cable, channel X I'm causing strife
But it make me wanna holler, son, the way they do my
life.
Check it !
Executives in suites eat dinner and discuss
How I can make more for us, whenever I bust
I step forth from the jungle in fatigues.
The everglades, canteen full of liquor.
I'm sitting on grenades
Little women squirming from the 12th down to 11th
grades
When they see me in the magazine
Upon they wall they stick the page
But you're too young I'll take you mom
And shackled from shells and bombs
Uncle Sam make brothers Uncle Toms in Vietnam

[Chorus]

Battle two (So what you gona do ?)
Skilla-skills demandin' endonesia
Battle two (So what you gona do ?)

[Verse 3: Dow Jonz]

God damn, like the 85'ers eat the ham
I'll eat up weak MC's and that means shorty and his
man
My name is Dow from the clique about to die
Others call me John Conner and perhaps
I'll tell the reason why
While Hiroshima blackens up the sky
I will lounge inside my shelter as you fry
As you're incinerated
I'll come around again forget me not
I had to shine with darkness for a minute
That was hot

[Verse 4: Chuck D]

Semen in a women
From the men without hats
Get your life split up like some Kit Kats
I seem to be triple teamed
By gang green
Who don't listen
Bluntz them must be hittin
(can?t read) emission
I stress the position
At the top of the slop
Crackas be droppin a lot
Like saltines out the box
I despise singin songs in the low rider duckin cynics
Fuck 'em and those Johnny come critics

[Chorus]
