I love my poster of Thomas Edison  
I cry when I spill my ear medicine  
I eat prunes when I watch Dr. Quinn  
And I idolize the Olsen Twins  
We're not very cool, not very cool  
We don't get invited to parties  
And we get beat up at school  
My Mommy says not to pick that scab  
And that band Oasis is real fab  
I still have training wheels on my bike  
I can't believe Tina broke up with Ike  
We're not very cool, not very cool  
We enjoy playing Pick-Up-Sticks  
And peeing in public pools  
My face goes red when I say "boobs"  
I go to grade 8 dances and shake my groove . . . thang  
My Snoopy lunch box works real nice  
Don't wanna borrow my comb cause I have lice  
We're not very cool, not very cool  
I never stay up past 8 o'clock  
Cause that's against my mommy's rule  
Whoopi Goldberg is a bowser  
Here's a tribute to Doogie Howser  
I think Captain Kirk could take Picard  
Seeing my Grandmother naked left emotional scars  
So I have the urge to iron everything now  
But I'm not allowed to use it so I guess I'll sing now  
We're not very cool, not very cool  
When we go to outer space  
We'll challenge Darth Vader to a duel  
We're not very cool, not very cool  
We're not very cool,  
But at least we're cooler than you.
