[Intro: sample (Killa Sin)]

And by the end of this decade  
Killer Bees, will have spread across most  
If not, all, the continental United States  
(Shit is on your neck, son, it's on your neck)

[Killa Sin]

Here we go again, never knowing when to throw it in  
Kind of nigga out, and then it's off to the show again  
My comrades with me, fifties of that sticky-oh  
Fire came by and tossed me higher than a frisbee and  
Just when you thought it was safe to fuck with me  
Put a twist in the game, on that ass and got grizzly, now  
DJ's that run with your camp, don't wanna spin me  
While they greatest niggas heavy rotating, that's til we  
dizzy

[Beretta 9]

Yo, to the fooliest, niggas think they can  
But yet, can not do this, Flex turn it up  
And said 'what the fuck, who this?'  
To make the people dance and scream and jump to  
this  
Me, B-E-R-E Double T A N-I-N-E  
When I'm on the M.I.C., you want no parts of me  
Cuz I came to rip the party up in you'll see  
ShoGun, my nigga Killa Sin and Cilvaringz (Cilvaringz),  
yo

[Chorus: Beretta 9 w/ Blue Raspberry vocals]

My niggas we don't, but do, get violent  
My niggas we won't, but will, get violent  
36/Loud but yet, remain silent  
Get us a round of Remy, we gon' down it

[Cilvaringz]

Yo, it's that Wu-Tang Clan Killa Bee gang bang shit  
Click bang bang hit, move fantastic  
Pull a hammer to the back of the pistol and blast it  
This for one brother, man, rest in peace Dirty Bastard  
I rock with the best, lock to the nest

Block off the rest, to pop off at the chest  
The great cause and effect, bang out the LP  
Wu-Tang Killa Bee stinging, you screaming "help me"

[ShoGun Assason]

Heavy flow spitter, heavy dough getter  
Microphone mutilator, Mr. Hater-Hater  
Oh, how I slayer, Sho Assassinate that  
Head decapitator, I got that flavor that you savor,  
neighbor  
Like Pete Rock or Marley, coming straight out of Steuby  
The cap peeler, kill a nigga  
I put a hit out on a nigga, and bang to death  
Like body armor, my nigga, my nigga, my nigga-nigga

[Chorus 2X]

[Outro: Blue Raspberry]

Welcome to the next chamber...
