#### Verse 1: Frankenstein

Enter the danger zone  
Grab the mic and watch me do it  
Cause everytime I rhyme I make you feel there's  
nothing to it  
I flow like fluid with water when I drip  
It's Frankenstein insanically with sophisticated shhh  
I get deep then I creep inside your inner zone  
The truth gets revealed everytime I hold chrome  
Punked up, is that right, I'm quick to get the chef  
Cause my sh- sounds fresh even on my first draft  
Splatter then I watch your whole crew scatter  
See I'm a fatter rapper every time you hear me spinnin'  
on the platter  
Don't even question I'm just better  
Do what I do on the D to the L  
When I massive my craft you ain't even parallel  
You can call your crew back and I'll call mine  
And we can rendez-vous and get this shhh on about  
now  
But you felt weak  
Had no heart and got disturbed  
You ain't brave just a slave without courage  
Don't get excited it's not the quiet storm  
But if you want black we can get it on

#### Chorus x4:

Don't get excited yo yo it's not the quiet storm  
But if you want black we can get it on

#### Verse 2: Static

Static and Franke Anno -back in the house-  
Y'all want no part in this  
We terror-tennis and reverred embrace and rip your  
partiledge (?)  
You talkin' it and soon'll be known as dearly departed  
Dreamin' ni-az get the finger  
Followers get red-parted  
With the senses like Jehovah rap crews is mediocre

Like the lis'  
Intoxicating airwaves so stay sober  
Feel the weight upon my shoulders  
>From the burden hip-hop is being taken over  
Like Sammy's done in coffeeshops  
Kid you not  
I got to drop one in the streets with no essentials  
Some joints is ill  
We lovers we can bust instrumentals on tracks  
Feature artists formerly known as wack  
Plus they still wack I'm tryin' to find a way to reach your  
contract  
So hope that  
Two to your dome  
So show your skills  
Ain't nothin' personal black I don't get down like that  
But if you wanna react  
"Bring it on back"

Chorus x4
