I could love you for the rest of my life  
Set it off right, you be my wife  
We make moves (uh huh) dang if they only knew,  
Ill never hurt you

Verse 1:

They say you do me wrong  
They say I can't be strong  
Are we the only ones who,  
All: Can see what's goin' on?  
They say that you and me  
Were never meant to be  
I wish that they knew about our love  
How much you mean to me

I was the only one to ever wanna be  
The kind of man to take your hand and love you  
Faithfully...

Chorus:

Why don't they just try, try and realize that you make  
It all right when you look in to my eyes,  
Wish they can see what you do to me,  
If they knew how I feel  
I'm still in love with you.(I still love you!)

Verse 2:

They don't see what I see  
They don't see you and me  
They think ?? made of crystal and diamond rings,  
They need to realize  
That when I see your eyes  
It makes me happy just be in you life(Open your eyes)

Deeper Inside,  
It's more that it seems,  
If they only knew you're the girl of my dreams, baby.

(Chorus)

I got love for You

Your mom says forget it you will never be a lawyer,  
Thinkin' bout the time back when I first saw you,  
Back in Junior High School Beaten Tom Soya  
I saw yea  
Now, Many Playa hatin' Because they  
Think I'm out Partyin  
Cops hear my aver ain't and handed me a card again  
Life was a shortly, shouldn't be so rough I love you,  
So should that be enough  
Come on

(Chorus)

Why ay??????.  
Why? Why, Why, Why Baby  
I wish they can see what you do to me Baby  
I wish they can stick to our life's Baby(Course)Ohh  
Girl Why don't they just try  
Do to me, do to me Girl  
I know that I'm young Yea  
But I know it's in my heart

(Continue Chorus)
