The day we both left,
And went our seperate ways,
It left the both of us
In a desperate daze.

What will happen now,
That we're both gone forever,
Will we see eachother again,
Or Never,
See our friendship grow.

Chorus:
We're both so different,
So how did this come to be,
How did such a pure friendship,
Form between you and me?

Alex Solo:
Your problems cut so deep,
It couldn't help but care,
You always came into my lap weep,
Away to let out some of your pain.

Claira Solo:
I always asked myself,
How did this formulate,
Nothing can rip our ties apart,
It's so much stronger than hate.

Chorus:
We're both so different,
So how did this come to be,
How did such a pure friendship,
Form between you and me?

La la la la la,
La la la la la,
La la la.

We're both so different,
You and me,

I can't really make out how it came to be,
But nothing can tear us up right now,
Nothing, no way, no how.

And as we go on,
We'll both remember
All of our time together.

As our lives grow farther,
Come what ever,
We will always be
Friends forever.
