Lies

catholic faith, american pride, marital vows, the perfect
bride

fallin' in love, trust in man, someday you'll understand
blood runs deeper, equal rights, follow me you're safe
tonight

plastic smile, her tear filled eyes
all of these are fucking lies

everything that i have seen in my life leaves me blind
all are fuckin' lies

knight in shining armore karma
dishonor heaven and hell and nirvana
promises perfect and serve believe in me
you have my word

A.D.D. conversing up assassinations beginners luck
brother love caucasian christ
all of these are fucking lies

[chorus]

fallacies have blackened my soul
and i burn because i feel controlled
so i do what i gotta do
voice my hatred love has faded
jaded by the world that i'm living in
fuck no i ain't that nodel citizen
just a hood tryin' to get the dividend

seeing right throught those
they just want to keep us down in this life
so we have no insight to what the fuck is really going
on
on the inside
desensitized to neutralize
so there'll be no resistance aimed at their existence
for instance nine to five slave
presistence
brain washing billboards make for big business
subliminal visuals criminal individuals
suits and ties disguise the lies they advertise

i'm checking the damage they've done it's like i'm
starin'n at the sun
burnin'
turning my heart into stone left me
alone in this battle zone
there aint no way out
you gotta pay out with
damnation or pacification

[chorus]

everything that i see all lies
everything that i see all lies
everything that i see all lies
everything that i see all lies
