Look away cuz i'm stange in my mind
lets make a place for me
so i feel right inside

lost what is gone need to know to cary on
if i'd only see the light
maybe then i'd be alright
i know they'd rather see me down
on my knees than on my feet
tell me whats this world we're living in
sometimes it seems so strange

on the outside looking in no light
another man with a blood shot soul
get up dont be one stand up
control destiny dont back away
guns are blasting
hating me
cant take me
i've got to survive
first the order the hit
then forget its all justified
no retreat defeat
all that complete
life full of tears

sin for 2000 years

be not afraid thats what they say
i'm fed more lies
see my violent self
all has passed away
but dreams stay alive

[pre chorus]

test the best
check pride inside minds
never the enemy
i ain't ever going to die
first you're here today
and then you're gone tomorrow

why must we live this way everyday wasting our lives
not all has gone away
i shed a tear of sorrow
too bad we couldn't stay
one more day follow me tonight
follow me tonight
let's go fly away tomorrow
ehere everything's alrighty
everything's alright

[chorus]
