Like a picture in a locket
Open to reveal
Got her future in your pocket
How's that make you feel?

Hey there Romeo, she's your Juliet
At the window on the second floor
She's the girl next door

There's an old flag on the rooftop
Waiting for a breeze
There's a letter in her shoebox
Bring you to your knees

Hey there Romeo, she's your Juliet
Sitting at the window on the second floor
She's the girl next door
She's the girl next door

Just a story in September
Dandilion Road
Make a wish now
Will he remember to look up
As the curtain blows?

Hey there Romeo, she's your Juliet
Waiting at the window on the second floor
She's the girl next door
She's the girl next door
She's the one, she's the girl next door

Hey there Romeo, she's your Juliet
Waiting at the window on the second floor
She's the girl next door
She's the girl next door
She's the one, she's the girl next door
