Well, the sun sets in the west

But as fast as you go how would you know

You're a busy boy, I guess

Who just wants the gold at the end of the road

Think of all you miss

Passin' through like this

You want an answer as soon as you say a prayer

You want to land the moment you're in the air

Baby, the livin' is all in the gettin' there

Don't be the first in every line

Now and then you can be at the end

'Cause there's only so much time

And you can't get back every minute you spend

You're not even sure what you're runnin' for

You want an answer as soon as you say a prayer

You want to land the moment you're in the air

Baby, the livin' is all in the gettin' there

Think of all you miss

Passin' through like this

You want an answer as soon as you say a prayer

You want to land the moment you're in the air

Baby, the livin' is all in the gettin' there

The livin' is all in the gettin' there

Gettin' there
