You're late it's weel past two

And there's a trace of strange perfume

I can see you had a good time

'Cayse honey I aint blind

And i can read you like a book

You've got a guilty look

And there's something I'm wondering about

was there a gir on your boys night out

You aint the kind to cheat

But maybe you would if she threw herself at your feet

Did you look or did you touch

Tell me now you owe me that much

I think you know what I'm talking about

Was there a girl on your boys night out

A friend called a while ago

Said there was something I should know

She saw you shooting pool

With someone who was making eyes at you

I never had accised

But baby I'm a bit confused

I need to know without a doubt

Was there a girl on your boys night out
You aint the kind to cheat
But maybe you would if she threw herself at your feet
Did you look or did you touch
Tell me now you owe me that much
I think you know what I'm talking about
Was there a girl on your boys night out
I think you know what I'm talking about
was there a girl on your boys night out
