"The End Of The Line"

I'll always remember
All the times we've been through
And I know I'll never forget you
That's just something I can't do.

(Chorus)

Now, we've reached the end of the line
We've found another path
We've learned to leave the past behind,
But wish we could make it last

Oh, time has taught us many things,
How to love, hurt, and be kind
But for now, as we go our separate ways,
We've reached the end of the line.

So, here we are, up on stage
On this very strange day in June
And I never got the chance to tell you so,
But, baby, I'm gonna miss you...

(Guitar solo)

So, tell me why I never got the chance.
Why I didn't have the guts or time.
Why I waited for so long...
Cuz now I'm at the end of the line.

(Chorus)

Now, we've reached the end of the line
We've found another path
We've learned to leave the past behind,
But wish we could make it last

Oh, time has taught us many things,
How to love, hurt, and be kind
But for now, as we go our separate ways,
We've reached the end of the line.

Oh oh oh. The end of the line.
