Yellow sun
yellow sun of Equador

Lead me on to the girl that I adore
Yellow sun
yellow sun of Equador
If you do then I will never ask for more.
Take me to the land of Rio Bamba
There is where I left my Anna
In the hills of Alausi
There is where she waits for me.

Yellow sun
yellow sun of Equador
If you do then I will never ask for more.
Yellow sun
yellow sun of Equador

Lead me on to the girl that I adore
...
Take me to the land of Rio Bamba
...
Yellow sun
yellow sun of Equador
If you do then I will never ask for more.
