Looking at this life
I've come to find
There's so much hate

No place to survive
So much pain
I can't describe

Looking through the crowd I see
You're the only one who makes me get by

I don't know what to say
I don't know what to do
But all I know is
Everything comes back to you

I'm alive when you look at me
I'm alive when you talk to me
I'm alive in my fantasy
I'm alive, I'm alive, I'm alive, I'm alive, I'm alive

What would my life be
If you're not here?
You disappeared?

I would be a wreck
Can't you see?
I need you here.

Looking through the crowd I see
You're the only one who makes me get by

I'm alive when you look at me
I'm alive when you talk to me
I'm alive in my fantasy
I'm alive...

So come and take a stand
And lend me your hand

So come and take a stand

And lend me your hand

Come, I'll understand
I'm dreaming of your hand

So come and take a stand
And lend me your hand

I don't know what to say
I don't know what to do
But all I know is
Everything comes back to you

I'm alive when you look at me
I'm alive when you talk to me
I'm alive in my fantasy
I'm alive...

I'm alive when you look at me
I'm alive when you talk to me
I'm alive in my fantasy
I'm alive, I'm alive, I'm alive, I'm alive, I'm alive

I'm alive when you looked at me
I'm alive when you talked to me
I'm alive in my fantasy
But now I'm not alive.
