Why ask all these questions
About things you wonder why
You just lay around inside yourself under the deep
moon sky
And why all these answers
About things inside your head
Catching all the question marks I see under your bed

With the power of suggestion
I cry inside your eye
Powerful reflections
Of you inside my mind
I fear the naked man
The fever and the shivering
Of your cold heartless mouth sometimes

Please don't cry in the morning rain
As I empty myself
Empty myself
Please don't cry at little girl things
As I empty myself
Empty myself in you,
How could you feel a thousand screams
As I empty myself
Pour myself in you,

The end has come
Said and done
I go back to my room
And pray for you,

She walks inside herself
And never stops to feel me drown
Skeletal trends of sins
Unspoken friends and things
That might have been
A stranger fills

And she sings....
n' n' n' na na
n' n' n' na na
n' n' n' na na na

Please stop sometime
She just kept singing
n' n' n' na na
n' n' n' na na
n' n' n' na na na
Please stop sometime
She just kept singing
n' n' n' na na
n' n' n' na na
n' n' n' na na na
Please stops sometimes
n' n' n' na na
n' n' n' na na
n' n' n' na na na
She stops sometimes
