It was a summer late
Everybody's feeling great
We got together and rocked
Until the morning
Pretty girls were everywhere
Should have known I'd meet her there
She came at me like a shot
Without a warning
One thing I can't deny
That girl she wasn't shy
She turned the heat up
Catch me now I'm falling
She was looking good I swear
The sun was in her hair
She came at me like a shot
Without a warning
She said it's all right
It's all right, it's all right, so come on

Take it easy, take it easy
Don't you worry none, yeah
Take it easy, take it easy
Don't you worry none, yeah
Everybody's calling, yeah
Everybody's calling, yeah
It's gonna last forever

It was as hot as noon
Underneath the cherry moon
We took our clothes off
And jumped into the river
One thing's a certainty
The things she does to me
She makes me crazy
Each time that we're together
One thing I can't deny
That girl she wasn't shy

She turned the heat up
Catch me now I'm falling (ooh yeah)
There was something in the air
Like nothing to compare

It's such a feeling
Can't you hear it calling
She said it's all right
It's all right, it's all right, so come on

Take it easy, take it easy
Don't you worry none, yeah
Take it easy, take it easy
Don't you worry none, yeah
Everybody's calling, yeah
Everybody's calling, yeah
It's gonna last forever

Ooh, aah, yeah, ooh
It's all right, it's all right
It's all right, it's all right
Yeah

Take it easy, take it easy
Don't you worry none, yeah
Take it easy, take it easy
Don't you worry none, yeah
Everybody's calling, yeah
Everybody's calling, yeah
It's gonna last forever

Take it easy, take it easy
Don't you worry none, yeah
Take it easy, take it easy
Don't you worry none, yeah
Everybody's calling, yeah
Everybody's calling, yeah
It's gonna last forever
