ou're the only one for me  
You're the only one I need  
Can't nobody make me feel  
The way you're making me feel  
And girl you know  
This love is real (yeah yeah)

I wanna make you fall in love  
Make you touch the stars above  
Please me low and be my friend  
I'll come back and hit again  
And again and again and again  
(Ah ah ah woah woah)

Touch me tease me  
Feel me and caress me  
Hold on tight and don't let go  
Baby I'm about to explode  
Cos all my love you can control

I'll spend the night with you  
If you promise you will do  
All the things to make me scream  
And you know just what I mean  
Cos tonight you'll taste like ice cream  
(Mmmm)

I wanna make you fall in love  
Make you touch the stars above

Please me low and be my friend  
I'll come back and hit it again  
And again and again and again  
(Touch me tease me)  
Don't go away

Touch me tease me  
Feel me and caress me  
Hold on tight and don't let go  
Baby I'm about to explode  
Cos all my love you can control

With every touch you know you tease me  
The way you move that booty gonna please me  
When you rub my body you know it's getting freaky  
(Ooh ooh oh)

With every touch you know you tease me  
The way you move that booty gonna please me  
When you rub my body you know it's getting freaky  
(Yeah yeah uuh)

Touch me tease me  
Feel me and caress me  
Hold on tight and don't let go  
Baby I'm about to explode  
Cos all my love you can control
