Ah-ah

I can't love someone like you
Who tells me what to do
What to say and where to go
'Cause it's not up to you

This is for real and the right thing, baby
It's been drivin' me crazy
Oh, I can't go on
We both know it is for the better
This couldn't last forever more
Anymore

I can't be your lover
What we had is over
There must be another one for me
I need someone, baby
Who'll treat me like a lady
And make me feel so heavenly
Feel so heavenly

I don't need someone like you
To tell me what to do
What to say and where to go
Cos it's not up to you
This is for real and the right thing, baby
It's been drivin' me crazy
Oh, I can't go on
We both know it is for the better
This couldn't last forever more
Anymore, oh-oh

I can't be your lover
What we had is over
There must be another one for me
I need someone, baby
Who'll treat me like a lady
And make me feel so heavenly, ah-ah
Feel so heavenly, ah-ah

This is for real and the right thing, baby
It's been drivin' me crazy
Oh, I can't go on
We both know it is for the better
This couldn't last forever more
Oh-oh
I can't be your lover
What we had is over
There must be another one for me
I need someone, baby
Treat me like a lady
Make me feel so heavenly

I can't be your lover
What we had is over
There must be another one for me, aha
I need someone, baby
Who'll treat me like a lady
And make me feel so heavenly
Feel so heavenly, ah-ah
Feel so heavenly
