Get back!

Why are we constantly fighting?  
What did I do this time to piss you off?  
You can't just simply ignore me  
Don't even know what I did to make you drop  
I didn't write this song to try to be mean  
I just want to end this once and for all  
Every few in a while I act impulsively  
But you know i'll be there when you fall

Don't ruin all we have  
It's so great can't you see  
John, Al, you and me  
Don't ruin all we have just because of me  
We're not complete with just 3

I respect you more than any of my friends  
Even though it's hard for me to show it  
I know i'll never be as good a person as you  
And I'm sure by now you know it  
We managed to stay friends through the worst that I  
did  
And God I thank you for that  
I'm sure we can solve when I acted like a kid  
And God I ask you for that

Don't ruin all we have  
It's so great can't you see  
John, Al, you and me  
Don't ruin all we have just because of me  
We're not complete with just 3

We've come all this way  
I pray that you'll stay  
And I was dumb and I'm sorry  
And that's all I can say  
That's all I can say
