I can't control you anymore
They had the influence on you
You're going to go wherever pressure
Takes you to the end
I'm less then perfect you all know
But what I say I feel is true
You should not have started
You can't control it
Why be a part of that clich? group?

It's myself!
I've been there
At a point in my life
It's hard!
To be scared
That you don't become myself
I've been there
At a point in my life
It's hard!
To be scared
That you don't become like me

You just laugh and let it hit you
You are totally controlled
You won't think twice before you
Beat the trees until its old
No longer just sporadic
Becomes somewhat of routine
You know thay more is always better
But in ways you've never seen

It's myself!
I've been there
At a point in my life
It's hard!
To be scared
That you don't become myself
I've been there
At a point in my life
It's hard!
To be scared

That you don't become like me

And I try
Not to contradict myself
I don't trust
When I can't be there to help
It's hard!
I reminisce inside my head
Our actions
And the consequence of it all

You could
Have never seen it coming and
You could
Have never anticipated at all!
