Clayborne Family

We up in here

We new this year

We do this here

Observe my kiss stain that remain

Damage the consoles of the neeport gains

The knob swells, shit drip down your shirt

You got the urine on your Cartier, Bacardi sway

Pee pee on the duffel bag, the gloves remove your
hundred thousand dollar watch

I get women to spit out the parfait

A paid team of men guaranteed to swallow

The top toilet tissue in Las Vegas, niggaz shit out the
Parve'

Executive room booked, under a fake-ass name

Bitches call me Dr. Bombay

Egyptian Lover, AM station

I send them lyrics wrapped in a bag of coffee beans

In the bathroom, you put the 18 karats up your asshole

Pay the program director, some kid who used to work
at the KDAY

Said he worked for Kay Slay, Tonka trucks

You wanna mess with the racing set

Bitches pick up the Hot Wheels, gentlemen watch Kay
play

Heads who react to Radio Shack walkie talkies, what
did Kay say?

Did Kay come in naked, piss all over the Grenada Hills
apartment, did Kay pay?

Drop his action figure with bird shit

The only booster, the Wolfman left a pile of shit

His personal shit, covered your ashtray

The cat creped off, shit on top of the shelf and walked
away

[Chorus]

It's Gaza Strip, fuck a bitch, murder the shit

Do church service and confess shit

Confess shit, fuck a bitch, it's Gaza Strip

Murderers hit, and jackers clipped

[Marc Live]

Yo, yo

Yo it's a bad day, uhh, I'm clearin out
They can't find me like Saddam Hussein
Don't mind me if I sound insane, yo it's real mayne
They got some bullshit stuck in my brain
Yo you stuck and you plain, lame, I shit and piss, yeah
I mess you up, fuck you up, in your speed lane
Yo I'm G mayne, yeah, I'm a psycho case
Home invade, run in your place to scrub in your face
I'm a maniac, I creep nightly
Sharp knives, yo it's slicin your face
People trunked up, aiyyo it's junk sloppy
It's grease, I cock and release - blaow
Cist and decease, I leak end
Release on the streets, releasin the beats
Clayborne never scared of police
My boys are Infamous Mobb style, 8 deep in the piece

[Chorus]

[Jacky Jasper]

Funeral homes holdin domes all day stones
'Nough John Holmes call the sharp cones old
Pist-al snub nosed felons, helter skelters
Sleeveless settlers, shorstop Tony Fernandez
I'm the hunted Catfish Hunter, handsomer the gun
runner stunna
New newcomer with Funky Drummer dip the Hummer
with the Bronx Bomber
To hell with suspense, I'm the fuckin drama
Call your momma, check, murder your brother
No wait I'll slaughter freeze fourth quarter order sushi
We with Jim Kushy lazy eye lucci Jill Kelly Monistat
cookie
Kevin Costner "The Rookie" O'Reilly the bookie, beat
All you gettin beat, King P-I-M-P be me
Fire escape, Letterman's late, wait, Jamie Foxx assed-

[Chorus]
