Is this a dream, are you really back?

Let me help you out of the chair...

Grandma

Let me touch you, let me feel... ahhh

Grandma take a look

What do you think of the house and

The silvery moon?

We are going to repaint the front door

Soon

Let me help you out of the chair...

Grandma

Let me touch you, let me feel... ahhh

Wait till you see your room up in the

Attic

Prepared just like you said, without a

Bed

You will find your rocking chair and

The tea pot that missy found

Let me help you out of the chair...

Grandma

There is someone waiting for you,

Now come along  
Missy and mother, they are dying to  
Meet you  
How strange... shes spoken no word...  
I wonder grandma! are you all right?  
Grandma what was it like to be on  
That holiday site  
Oh it could have been worse but  
With them by my side  
In the twilight they sang all the old  
Lullabies  
Grandma who are they... never  
Mind you dirty little brat  
Let us go inside, somethings on  
Their mind  
They are still alive, can you feel  
Their eyes  
Can you feel their eyes?  
Now that you are stuck with me you  
Better be my friend.
