I'm on a one way road, looking for the detour
Earn points, but what's the game if you don't keep
score
Dream bigger than any rapper who sleep more
Got the gift but no return or receive for
So I'm unemployed waiting on a pay check
Trying to rape the game but still maintain safe sex
Music cause the pain but can't tame my stress
In this stuff they ,to eat, I can't digest
Look in the mirror see a stranger
My heart hurts, so my face , by anger
Scared to fail so I wouldn't even try
As the tears fill my eyes, I ask myself why
You couldn't see what I imagine
This ain't a dream, this my life, it gotta happen
What once used to be will never be
Look in the mirror and see a better me
I will believe

They say if you believe
That you can achieve
Cause I've been seen it all before
I'm cool for now but I want more
So if I believe then I will achieve
Cause I've been seen it all before
I'm cool for now but I want more
I want more

Finding myself was the hardest
Being myself was the smartest
But regardless, this bizness ain't made for the weak
So every day of the week, this rappish what I breathe
Writing verses instead of doing homework
In my mirror practicing for a concert
Went from being ignored to adored
,applaud and now my , is beating the odds
I'm, so creative, watch me think out the box
The sky is the limit so my head up
Biggie and Pac, 2 of the greatest to ever say it
That's why I gotta go there
But will they take notice,

I'm hoping
I want more but I gotta be patient
Cause good things come to those who's waiting
Want work , anything
But no words can cause ,think

They say if you believe
That you can achieve
Cause I've been seen it all before
I'm cool for now but I want more
So if I believe then I will achieve
Cause I've been seen it all before
I'm cool for now but I want more
I want more.
