I've been bound to leave you, we've known that for  
awhile  
I'm sure it's something I can't do if I can't leave you  
with a smile  
I don't know how far I'll have to go 'til I'm sure those  
eyes won't cry  
And in my mind I've left enough to know that I can't  
leave you  
With a bad goodbye  
Goodbye, easier said than done  
Goodbye, there's no good when you're the one  
Whose goodbye you swore would never come  
And in my goodbye you're finding none

I'm still bound to leave you, I surely don't know how  
My heart won't let me put you through  
What my mind says should happen now  
I don't know where we'll go from here, there may be no  
way to fly  
And the cloud I'm in just makes it all too clear that I  
can't leave you  
With a bad goodbye

Goodbye, easier said than done  
Goodbye, there's no good when you're the one  
Whose goodbye you swore would never come  
And in my goodbye you're finding none

How can we be so far between where we are and one  
more try  
And any way I look, I've only seen that I can't leave you  
With a bad goodbye
