I don't know what's come over me

If I'm wrong let me know

Do you think I should go

But before you give an answer think of somewhere
you'd rather be

All that I have twenty six dollars and the keys to a
Cadillac

All that I know

Drive all night go anywhere you wanna go

All that I want and all that I need

All I wanna know is do you wanna come with me

You deserve more than this packing guilt for a trip

I never thought that I would get this far

Searching for the words to say

Summer wind desert stars

All of this could be yours

You know it only takes two words and we'll both be on
our way

All that I have twenty six dollars and the keys to a
Cadillac

All that I know

Drive all night go anywhere you wanna go

All that I want and all that I need

All I wanna know is do you wanna come with me

Come with me come with me

All I have all I know

I changed the station and our song is on the radio

All I have all I know drive all night

Go anywhere you wanna go

All I have all I know

I changed the station and our song is on the radio

All I have all I know drive all night

Go anywhere you wanna go

Drive all night go anywhere you wanna go

Drive all night go anywhere you wanna to
